O.K. McBride you all probably know that McBride Home Hardware has changed there bottled water, but for those of you who don't know, go and check it out. It's called Purely Natural-Steam Distilled Water. Purely Natural duplicates Mother Nature's method of Purifying water. -They use the process of steam distillation. - Like your kettle at home, they boil the tap water. -As the water is boiled steam rises separating itself from contaminant's, bacteria, viruses, organic and inorganic solids, heavy metals etc. -There next step is capturing the steam and through a cooling process converting this steam to pure water. -As a final step the pure water passes through coconut charcoal to ensure freshness. -You can trust Purely Natural Steam Distilled Water for its consistent and reliable quality and you can count on great taste. Broom and Oscar use The Purely Natural water, and we just want people to know that it is good and to give it a try. It comes in all different sizes for all different events so drop by and pick up a pamphlet and a bottle to check it out.

The 1997 Bruce Denniston Bone Marrow Calendars are available at the R.C.M.P. Office. They are \$7.00 each and the money goes towards Bone Marrow Cancer Research. Please drop by and pick one up, it's for a great cause.

Luna Rossa- We were in Prince George last week and while we were there, we went to the Luna Rossa Ristorante. The place is located at #1 205-20th Avenue, owned by Tony and Flora Carpino. The menu was filled with all sorts of dishes to choose from. When our meals came we were all impressed by the large portions and the excellent flavour. The meal was incredible. The place is a definite must. So next time you go to Prince George check Luna Rossa out. The restaurant has a friendly atmosphere, I'm sure you'll have a great time. Broom, Broom's Mom and

BORROW MONEY TO SAVE

MONEY? ARE YOU NUTS?
So you've fallen behind on your RRSP contributions. You know it's smart to keep up, but when March 1st rolls around, it seems that the money's just not there. What to do! What to do? Here's a thought:

THE SCOTIA RRSP CATCH-UPTM LOAN (Here's a quick math version as an example, just to

get you thinking.)

1. BORROW \$15,000.

(Or as much as \$50,000* at rates

2. GET BACK \$6,000 ON YOUR TAX RETURN AND PAY DOWN YOUR LOAN.

Doesn't everything?!)

3. PAY BACK \$157 / MONTH.

(Seem possible? If need be, you can take up to 10 years to repay.)

4. WATCH YOUR RRSP GROW TO \$19,361 IN 5 YEARS AND 6 MONTHS, WHEN YOUR LOAN IS PAID OUT. IN 25 YEARS, YOU'LL HAVE

4. WARS

(So much for fine print. Talk to us. We speak in large print.)

Of course, you'd rather not borrow. But this is borrowing to save. So you can catch up and keep up. Because doing nothing is the worst idea of all.

Hey McBride- For those of you that haven't got this tearable flu yet, and aren't really looking forward to getting it but you also have to get out of the house in this cold miscrable weather, why not try this. I got this out of a pamphlet in the mail. It's from the book New Choices in Natural Healing. Now I also own a book similar and have tried some of the things in it, and I was surprised about some of the things that can heal a cut, scrape, sore muscles, bee sting, etc. So McBride be brave and try it. Herbal Protection against colds and flu... Echinacca is a herb available in health food stores, and one of the best friends your immune system will ever have. It helps protect you against catching colds, flu and a host of other viruses. It works by stimulating your immune system, helping your body defend itself more vigorously against bacterial and viral infections. I hope this will help some people keep that bug away.
