Local News

THE BURNING TIMES- this beautifully crafted film is an in-depth look at the witch persecution that swept through Europe just a few hundred years ago. False accusations and the trials led to extensive torture and burning at the stake, and ultimately, to the destruction of a way of life that had endured for thousands of years. Of those killed, a large percent were women. Widespread violence against women that is still prevalent today can be traced back to these times. -The Video **THE BURNING TIMES** will be shown at 7:00 p.m. on Friday, April 25th at the McBride Public Library to mark **Prevention of Violence Against Women Week.** A discussion and coffee will follow. The Public is invited to attend this free presentation which is sponsored by the Safe Shelter Program of Robson Valley Home Support Society. Please call 569-2266 for more information.

-"This is a very tough situation for some people but it does happen around us. We need to understand these issues so we can help ourselves and the loved ones that might be in this situation. This month is **Prevention of Violence Against Women.** I think it is hard to understand what women go through if you have not experienced it. Even if you can be there just for a woman to talk to, it may help them and you understand the situation better and they may realize they need to seek help. Please try and see this movie so you can understand this horrible subject and why it must be stopped." **-Broom**

Baby Tips

GAS AND BURPING- Whether your baby is breast-fed, give him the chance to burp up any swallowed air when he pauses for a rest; the gas may be making him feel full. If he doesn't burp after about half a minute, give up: he probably doesn't need to bring up any air at that feeding.
EAR ACHE-If your child has an ear ache but you don't have a hot bottle or heating pad on hand, microwave a potato for 5 to 10 minutes on high power. Then stick the hot potato in a thick sock and hold it on the ear for 5 to 10 minutes for soothing warmth. (First test the spud on your own ear to make sure it's not too hot.)
