Community Announcements

On May 97 the Highschool, Fire Department, Ambulance, Len's Towing and the Hospital, Staff and students put on an Mock Accident. Sorry Broom missed it, but I herd it was incredible. I'm very proud of the counter attack and all the people who get involved in this event. This is a serious issue and most people I know think that it's never going to happen to them. I even thought that, and yes I could have been one of those people who have lost my life. I was one of those really stupid people and looking back thinking about some of the friends I have lost because of Drinking and Driving, it is scary, because a lot of people do it. Hopefully people not only thinking about the issue but seeing it will get everyone to think about Drinking and Driving, it's nothing to laugh about. I feel sorry for all those families out there who have lost a love one, for something they could have changed, a phone call, a walk home, or a designated driver, something to have saved those lives. So grads, please start to make plans for those parties with your parents or friends. We don't want to see any more people killed. Thank you to everyone who has made this issue stand out, you might be able to save a life. -Broom

The Little McBride Paper would like to get our younger readers involved in doing good deeds this summer, so were now going to pick a youth of the month from ages to 5 to 15 years old. They will get their story on the front page of the Little McBride Paper and a certificate for doing a great part in our community. All you have to do is write and tell us what good deeds a young person has done and we'll choose the best one each month. Brooms very excited about this and hopes that the community will get involved.
