Local News

Johnny Littlechild and Family would like to thank everyone for all of the support and help they gave. It was greatly appreciated and meant so very much to us. We are very thankful for all of the special friends and relatives we have. Thank you again. GRADS OF 97- Well McBride another year for Grads. Broom missed it, but wanted so much to see it and all the girls in their beautiful dresses and the young men looking oh so handsome in their suits. So Brooms Mom and Brooms sister went as THE LITTLE MCBRIDE PAPER'S reporters. The Gym was uniquely decorated with plants, streamers, a bridge with flowers and a swing, there was a back drop of trees and water falls behind where the Grads sat. The bleachers were packed with proud family and friends. Sheryl Yakachuk introduced the Grads. She said a few special and embarrassing moments about each one. She also recited an appropriate poem to the Grads called DON'T QUIT. Shiloh Lindsey wrote and sang a song for her fellow Grads. Everyone was so touched they gave her a standing ovation. Great work Shiloh and good luck in the future with your music. When it was all over the Grads left for a trip to Whistler. We hope you had a BLAST. We would like to wish all the Grads the best in their future endeavours.

NATURAL HEALTH PRODUCTS- Your fight to use natural health product's is being unreasonably interfered with. You own your body, pay the bills so you should get to choose. Simply put the HEALTH PROTECTION BRANCH (HPB) is out of step with development in science and medicine. Those people trying to take control of their health, bettering themselves and reducing overall health costs in the process will find little encouragement from the government. Instead HPB is making health products harder to find and too expensive to afford, causing huge underground markets for illicit supplements. Natural health products of any sort cannot be categorized into food or drug so we need a third category for supplements and a guarantee this category will have a competent authority in charge. Support the CANADIAN COALITION FOR HEALTH FREEDOM (CCHF) in their mission for all Canadians to have accessible and affordable natural health products. If you are interested in participating in putting an end to this disgraceful situation, the Health Hut has a petition for all to sign. Please feel free to drop in.
