## FIRE AT T.R.C. Mills

Last week there was a major fire at the T.R.C. Cedar Mill. Apparently a spark was dragged on the conveyor belt from the burner and was caught by a strong wind and blown into the wood deck. The fire burnt about 5 months worth of wood. Fortunately fire fighters were able to keep the flames away from the mill. Even though this was a definite set back the mill will still keep operating. They are shut down for two weeks to stock pile wood and do mill maintenance after which time it will be business as usual. T.R.C. would like to thank everyone who responded and help during the fire. We really appreciate it.

**LETTER TO THE EDITOR:** I would like to apologize to those children who were unable to play soccer this year with McBride Youth Soccer. When it became apparent how popular the soccer was going to be, I had to make a decision to limit registration for each age group. I made this decision based on the B.C. Youth Soccer recommendation of no more than 12 kids per team for the mini-soccer. Once teams exceed that number, the kids receive less than optimum coaching and less contact with the ball. So rather than let all kids register regardless of numbers, I decided to control the numbers to make it a positive experience for those already registered. The limiting factor in having more teams to accommodate the obvious interest in soccer, is coaches. I realize soccer is not a sport with which many parents are familiar, but all that is necessary to be a coach with young kids is an understanding for how to play any team sport and a willingness to learn the rules of soccer. The beauty of mini-soccer, which we play in McBride, is that the rules have been simplified to make it more appealing for all involved. Further more, the philosophy of the McBride Youth Soccer coaches is to emphasize fun and to ensure fair play regardless of ability, rather than encouraging a competitive atmosphere. So if there are any parents interested in coaching, please contact Jane MacDonald at 569-3766.
