Thought of the Week
 The man who follows the crowd will usually get no further than the crowd. The man who walks alone is likely to find himself in places no one has ever been.

Baby Tips
 On The Go- When travelling in the car, tape interesting pictures, faces, or graphic symbols to the back of your seat to keep baby from getting bored.
 Miscellaneous- To encourage your cautious toddler to walk, try placing Cheerios along the furniture.
 Teething- There are several teething rings on the market, but what about when baby is getting his molars? Try freezing water in popsicle molds; Tupperware molds work best, as they are long enough and thin enough to reach baby's back teeth.
