McBride Centennial School News. We'd like to let you know about our involvement this fall in a new program sponsored by Kellogg Canada. Education is Tops is a three-month program running in elementary schools across the country. Kellogg's developed this program as a way to demonstrate their commitment to nutrition education and to offer support for local schools. As part of the Education is Tops program, our school will be collecting UPC symbols to earn computer resources. Students are encouraged to collect the UPC symbol off the bottom flap of any Kellogg product - including cereals, cereal bars, waffles, pancakes and toaster pastries. Students can drop off their UPC symbols at a designated location in our school until December 10, 1998. Our school also has the opportunity to receive free nutrition education materials. These materials were developed by the Registered Dietitians at Kellogg Canada. Topics cover the importance of a well-balanced breakfast, healthy eating habits and healthy snacks, plus details about *Canada's Food Guide to Healthy Eating*. Nutrition education activity sheets are also available for parents who are interested. The Education is Tops program is a simple and easy way for students to help our school. We see this as an excellent opportunity to encourage school spirit and foster a sense of teamwork. We are encouraging family members of our community and local businesses to pitch in and help!

McBride Preschool is now collecting Dairyland UPC Codes and Campbell's labels (soup and other) in order to purchase new outdoor toys. If anyone in the community would like to save either or both of these codes or labels, we would be very grateful.
