**HAPPY NEW YEAR**

**BEST WISHES IN 1999!!!**

**Drinking & Driving Counterattack-**

Getting on the road while drunk can give new meaning to the phrase "getting smashed on New Years Eve." Don't usher in the New Year in the hospital, or worse. Have a good time, but please remember, don't drink and drive, and don't allow anyone who is obviously impaired, to drive.

**Drinking Driving Counterattack-** Each year in B.C. 250 people are killed and 7,000 are injured as a result of alcohol related traffic accidents. •The single most common cause of death among people age 16 to 30 is drinking and driving accidents. •Drinking drivers cost the people of B.C. \$130 million each year in medical, insurance and justice system costs. •Drinking and driving is a criminal offence. The penalties are high.

How to get Home Safely- •Make arrangements to ride home with a sober driver before you go out. Use judgement while you still have it. •Don't Drink & Drive. •Don't ride with a drinking driver. •If you see a drinking driver, call the police. 10% - 15% of all drinking driving convictions, come from public calls We hope everyone has a very safe and Happy New Year. Play It Safe- Broom & Oscar

**COMING EVENTS**

McBride Evangelical Free Church - Schedule for the Holiday period- Dec. 31 / 7pm. - Skating and Curling at the arena. Congratulations goes out to Doug & Mary-Ann on their New Baby Boy.

**Thank You**

They McBride, 1998 has been a good year. We would like to Thank our advertisers, old & new. We would like to also thank the RCMP for the Police Reports every week but Most of all the Community of McBride. We are so grateful that our idea of keeping this paper a local community paper has come true once again thanks to you. Whether you mail something, give it to one of us, fax an article, or phoning something in, it's all making a difference in our paper. We've seen lots of familiar people & are happy to meet the new ones. We are proud to be part of the community through this paper and hope that next year is going to be even better. We are here to help get news spread around the town whether it's a birthday, fund-raiser, events, or whatever. We are grateful to everyone who has supported us this year, and are looking forward to seeing you in 1999. Thank You McBride-Broom & Oscar

## Brooms Comment

Hey drivers, slow down. Take your time and watch what you're doing. Over the holidays we just about got hit because someone ran a stop sign while not bothering to look both ways before getting to the intersection. Why? Is it worth being in a hurry if all your going to do is get into an accident. Drive slower and pay attention to what you're doing, the roads are slippery. All I can say is we were lucky Oscar was paying attention because one of us could have got hurt - an innocent one, not the driver of the other vehicle. Slow down and play it safe because next time you just might collide and hurt someone from the other vehicle.  
-Broom

## Quote of the Week

I went to the race track once and bet on a horse that was so good that it took seven others to beat him!

## GOIDS & FIA

Drink Vitamin C-Rich Juice. Orange, tomato, grapefruit or pineapple juice can help you get over a cold - but you need to drink at least five glasses a day. "Studies show it takes that much vitamin C (about 500 milligrams) to reduce sneezes and coughs in cold sufferers. If that amount seems like a bit much to swallow, you can take vitamin C supplements. But don't go overboard: Larger doses of vitamin C can cause stomach upset in some people or any hot liquid helps cut through congestion, but chicken soup is probably the best of all to use while sick.  
Toss Your Old Toothbrush. The virus continues to linger on wet toothbrush bristles, and you can reinfect yourself day after day. To prevent this, throw away your toothbrush three days after the onset of the flu and use a new one.  
By all means, feed your flu. You need vitamins and minerals to mount an effective defence against the flu bug. Aim for well-balanced meal, or at least try some bland fruit such as mashed bananas or apple sauce.  
Develop the hand-washing habit. Ordinary soap kills the flu virus, but in order to reduce your chance of infection, you've got to remember to wash your hands throughout the day, not just before meals or after going to the bathroom.

## NIGHT LIFE LIME-UP
