Serving BC's Friendliest Town and Area!!  
For the week of *Wednesday, May 12th, 1999*

### REMINDER

If you would like to put anything in The Little McBride Paper  
please have it in to us by the Monday.

### May is Hearing and Speech Month

Communication is a vital link between human beings. In young,  
hearing loss cuts a child off from normal social development.  
Like many ailments, the sooner a child with a hearing or speech  
problem can be identified and start appropriate treatment, the  
better the resulting communication and social skills. Through  
our ears we gain much of our information about others and the  
world around us. Help keep them flowing. If you suspect a child  
you know has a hearing loss or speech problem, contact a  
physician, audiologist, or speech pathologist. Early identification  
of hearing and speech problems is everyone's responsibility.
