1999 FALL FAIR

Hey McBride the 1999 Fall Fair is here Saturday & Sunday so you best be getting your books now and start deciding what your going to enter. All sorts of Categories to choose from or you can enter all of them!!! Plus Businesses, do you have your floats planned? Time is Running Out!!! So all you seamstresses, canners, knitters, quilters, wine makers, painters, ball players etc. Broom & Oscar will see you there!!! It's going to be a great weekend.

LETTER TO THE EDITOR

This article in no way reflects the opinion of The Little McBride Paper.

Keeping in budget has become more important to Vic Chicoine and Bill Arnold, than providing McBride and District with diagnostic health care services. Since Vic has seen fit in cutting back on qualified Lab staff and hiring a combined tech. to act as "chief technologist of diagnostic service," these services will not include microbiology or transfusion medicine.

Certainly he is dictated to by PGRH and RVHC, but he should be asking for support to keep services, not accepting their word as law. Bill Arnold is our voice on the RVHC and obviously not being heard either since changes that are implemented are in favour of the almighty dollar and not for the people. He, like Pete Amyoony, and Maurice Bonnevillie, is our representative and we the people need to be more vocal in what we need and want, so please write and tell them we don't need to lose more hospital services, and we expect them to voice this to the appropriate forum.

Remember these services when your child has a sore throat or a pregnant woman needs to have post natal screening, or possible hemorrhage, when you are suffering from a urinary tract infection, or needing the appropriate antibiotic for a chest infection.

Not only does our community have hazardous land to discourage any new growth and the instability of Zeidler selling but we also are losing important health services.

Teresa Smith.
