Y2K READY??

Well McBride the new Millennium is only 3 days away. Are you ready?? Lots of people you talk to don't think anything is going to happen - but do they know for sure?? I myself think nobody knows for sure till it happens. The only good thing is that Eastern Canada is ahead of us for time so we will have some warning on what is going to happen. But in the mean time we've heard it on the radio and news for months to get prepared just in case. So to be on the safe side of things here is what they tell us to do: Get a record of all your bank records like Mortgage, Loans, Bank Accounts plus they say have a bit of extra money somewhere besides the bank just in case of an emergency, you don't need lots. Have plenty of Can Goods or stuff like Mung of Soup, Cookies, Cereal, Munchies Etc. If you have a wood fireplace to stock up your firewood this year a little. Make sure your car or truck is full of gas. Stock up on fresh water, Emergency Blankets, Oil Lamps and Candles. These are just some of the things we can do just to be on the safe side. At least be prepared up to 72 hours.
