### AROUND THE SCHOOLS

McBride Centennial News - Cougar Pride: On Thursday April 13, five schools from around the Prince George School District came to McBride to play in the Robson Valley Mixed Elementary Basketball Tournament. Games were played in both the secondary and elementary school gyms throughout the day. The McBride Centennial Cougars were undefeated in five round robin games and went on to win the final for a perfect season record of 14 wins and no losses. Combined with their tournament wins in McKenzie, the year 2000 has been very kind to the athletes at our school. They should be very proud of their efforts and accomplishments.

On behalf of the players and coaches, we would like to Thank Kelly Vizza, Sheryl Yakiwchuk, Harold Edwards, Shawn Molendyk, Alesha Kelley and Phyllis Sivecki for their contributions to an outstanding day. We would also like to thank McBride Home Hardware, Bigway, Steedmans, Bank Of Nova Scotia and parents who took visiting players in their homes for their support of the tournament. All in all, it was a team effort, and a good time was had by all.

## POLICE REPORT

On April 8 at 11:22 a.m. McBride RCMP responded to a call of a house fire in the 4600 block of Mountainview Road. The residents of the house had managed to extinguish the fire which had started in a bedroom when some burning incense ignited the carpet and began to spread. The bedroom area suffered minor fire damage however the smoke damage was extensive. Had the residents not been successful in extinguishing the fire it would have been quickly out of control.

On April 8 at 2:17p.m., police responded to a single vehicle roll over on Highway 16 three kilometres east of McBride. The driver, a local resident, and his two young sons were transported to McBride Hospital by Ambulance where they were examined, treated for minor injuries and released. The accident occurred when the driver fell asleep in part due to the warm weather of the day. A reminder to motorists that if you are feeling drowsy pull over and take a few minutes to get out and stretch and get some fresh air. If your really tired take a nap before continuing your travel.

On April 10 McBride RCMP responded to a dog complaint in the rural area. Pet owners are reminded that they are responsible for their pets and can be held criminally and civilly responsible. On April 11 police responded to a call of threats. All parties involved were spoken to and the matter was resolved informally.

On April 12 at 8:11p.m. police were called to an injury accident on Highway 16 at Parnnigan Creek. A pickup from Saskatchewan left the roadway when the motor stalled and travelled about one hundred feet down the embankment demolishing the truck. The driver, also from Saskatchewan, was treated at McBride hospital for minor injuries and released.

On April 14 police received a letter from a local resident. The letter was sent to the area resident from Nigeria requesting bank account information to enable them to deposit money into the account. We saw several of these letters in the Valley last year and want to remind everyone that this is a scam. Anyone receiving these letters are asked to bring them into the McBride Detachment so we can keep track of them.

### Pattern Identification

Over many centuries of accumulated clinical experience, Chinese medicine has developed a comprehensive and extremely effective diagnostic system and symptomology to identify disease patterns and the underlying disharmonies.

There are several methods used to identify patterns. These are patterns according to:

1. The 8 principles - heat, cold, interior, exterior, excess, deficiency, yin, yang.
2. Qi, blood, body fluids - deficiency, stagnation, heat, loss of blood, deficiency of fluids, edema, phlegm.
3. Internal organs - based on pathological changes in organs.
4. Pathogenic factors - wind, damp, cold, heat, dryness, fire.
5. The five elements - wood, fire, earth, metal, water.
6. Channels - disease affecting channels where Qi resides.
7. The 6 stages of disease.
8. The 4 levels of disease.
9. The 3 burning spaces - upper (above diaphragm), middle (QD), lower (kidneys/bladder/sex organs).

### HOME SUPPORT SOCIETY

The Robson Valley Home Support Society values all Seniors and considers them to be important members of our Community and we are pleased to be able to assist them when we can. Below are some of our services with Seniors in mind. If you would like to know more about any of our programs, visit us at the Home Support office on main Street, or telephone us at 569-2266.  
**Equipment Loan:** We have an extensive stock of bath and mobility aids (walkers, raised toilet seats, bathhubs etc.) that can be borrowed on long-term loan at no charge. **Handyman Program:** provides help with minor household repairs, painting and yard work at a very nominal hourly fee. **Lifeline Program:** enables Seniors to remain at home alone without fear, as with a simple push of a button (worn on a necklace or wristband) they can summon immediate assistance. **Meals on Wheels:** volunteers deliver hot lunches for a small charge to the homes of Seniors or disabled persons. **Home Support:** trained and caring home support workers provide personal care and housekeeping services. Most people who qualify receive services at no cost, but depending on a person's financial situation, a contribution may be charged. To see if you are eligible for home support contact Mary Belkus, the Continuing Care Nurse, at 569-0330 local 218; she will visit to assess your situation and needs. We would like to wish all the Robson Valley Seniors a happy and healthy Spring!

### THOUGHT OF THE WEEK

Committee Rules:

- (1) Never arrive on time, or you will be stamped a beginner.
- (2) Don't say anything until the meeting is half over; this stamps you as being wise.
- (3) Be as vague as possible; this prevents irritating the others.
- (4) When in doubt, suggest that a subcommittee be appointed.
- (5) Be the first to move for adjournment; this will make you popular - it's what everyone is waiting for.
