**LIBRARY TALK**

By Doreen Beck  
 What can you find at the McBride & District Public Library? Books, of course: fiction and non-fiction for adults, teens, and children. But did you know the McBride Public Library also offers a number of services to the public (no membership is required): photocopying at \$0.20 per page and public Internet access (\$1.00 per half hour to offset our connection costs). A new service now available to the public is the use of the data processing program Microsoft Word. During July and August our summer student is offering Internet tutorials to the public. Learn how to set up e-mail accounts or techniques for searching the Web. Set up your tutorial appointment time today.
