We are inviting all NON-PROFIT organizations to submit a letter outlining why their organization should receive a portion of these funds. This will be the criteria the Fall Fair committee will use to make their decisions. Funds will be distributed to more than one organization. Please submit all letters to: The Robson Valley Fall Fair, Box 441 McBride, BC V0J 2E0. All submissions must be received by October 31, 2001. The radio is playing songs about God, atomic bombs, and honky-tonks. Into this era are born four sons destined to mine the depths of this music, their roots. The Undertakin' Daddies write and perform contemporary music influenced by this period. Their songs are of mines carving in, people perishing in the rivers, and hobos living in boxcars, as well as covers of artists Lefty Frizzell and Ray Price. Based in Whitehorse, Yukon, the Daddies are: Kevin Barr, Bob Hamilton, George McConkey, Nathan Trinkham

GOOD BYE McBRIDE

It has been a pleasure working in this hidden "Jewel" of a town as your temporary nurse for the summer. The hospital staff and community made me feel so very welcome. The nurses, Dr. Cowburn, Long Term Aides and Support Staff are among some of the best I've ever worked with in 23 years of nursing.

They along with the ambulance team should be commended for their efforts & service they provide in your time of emergency. They go above & beyond what you usually get in a larger hospital. So lets not criticize but praise them for the personal, professional & prompt care.

Due to poor hospital management & a local union representative I probably will not return to work here. This greatly saddens me as this place has become very special to me.

I've made some great friends in the community & hospital & hope we stay in touch. *To McBride & Hospital "May you live well, laugh often & love much" -Sincerely Lydia Walsh

NOTICE TO THE COMMUNITY

TRC Cedar Limited has temporarily closed its mill production for the month of October, taking the opportunity to complete several mill renovation projects that have been ongoing throughout the year. The company experienced a significant jump in growth this year, successfully completing the bagger installation to meet growing landscape mulch sales, and taking on additional mill inventory as a result of marketing product from Cedar 3 Forest Products. As a result, TRC is moving into the next sale season with a higher amount of product inventory than usual. Although confirmed sales information is still being received for next season, TRC has opted to use this period to carry out and complete several of the mills renovation projects scheduled.

Curtailed production at this time will enhance the position of TRC and Cedar 3 in the marketplace for next season, while allowing necessary upgrades and improved efficiencies at the mill to be carried out in preparation for a strong season of production in the upcoming year.

Renovations are planned through the month of October, with the mill scheduled to reopen upon their completion.
