THINK ABOUT IT...

If a putt passes over the hole without dropping, it is deemed to have dropped. The law of gravity holds that any object attempting to maintain a position in the atmosphere without something to support it must drop. The law of gravity supersedes the law of golf.

THANK YOU

Dear Robson Valley residents, This summer AAMiron Computer Services will celebrate its 4th anniversary. It's a wonderful occasion for us. We grew and prospered only because we found great friends like you who gave us loyal support along the way. So this is a thank-you note-for buying and pushing our products, putting up with occasional errors due to "growing pains," and helping to put AAMiron Computer Services on the map. The future looks bright and we look forward to our new working relationship with McBride Internet Services 2002. Drop in to see us at our anniversary open house for coffee & doughnuts to be announced at a later date.

-Sincerely, Gaston Miron
