HUNTING SEASON - With the season for hunting under way, the RCMP are urging landowners who do not want hunters on their property to post signs of NO HUNTING or NO TRESPASSING. The signs must be reasonably posted at all access areas to the property. The signs must also be visible.

September 09, 2003 - RCMP responded to a call of a missing female 6 km East of McBride on Highway 16. The woman had gone missing after going for a walk the previous night on the property. With the assistance of Search and Rescue members and the Police Dog from Prince George, the female was located 28 hours after going on her walk. She had encountered a bear while on her walk and while running had fallen and knocked herself out in the tall grass not too far from her house. She is recovering from some bruising and was grateful for the assistance received.

September 10, 2003 - A complaint was received of a bear being shot on private property on Museum Road. The incident was handled at the office and the hunters were able to retrieve their bear. The owner of the property was asked to post NO HUNTING signs to avoid any further misconceptions.

September 11, 2003 - A report of theft of personal property from a residence on the South East Frontage Road was reported. This matter is currently being investigated.

The remainder of the calls were of a general nature and routine in service.
