POLICE REPORT

2004-04-08 - While on patrol, police checked a vehicle with 3 occupants, all of which were Prince George residents. Open liquor was noted in the vehicle. A subsequent search of the vehicle revealed a small quantity of marijuana. One of the occupants admitted ownership of the liquor and was charged under the Liquor Control Act. The marijuana was seized for destruction.

2004-04-09 - Police stopped a speeding vehicle on Highway #16 near Dunster. An enquiry through police computers revealed that the driver was prohibited from driving at the time, as he was given a twenty-four hour driving suspension in Jasper Alberta less than 24 hours prior to that. Both occupants were advised to leave the vehicle parked at the scene and were given a ride into McBride.

2004-04-12 - Police received a call of an attempted Break and Enter to a store in Dunster. Suspect(s) were seen kicking the door but failed to gain entry and fled from the scene before police arrived. Police have received a description of the suspect vehicle, and this matter is presently under investigation.

****Riding bikes** is a great way to get out of the house, and is fun for all ages. McBride RCMP would like to remind the residents of McBride who choose to take part in this activity to wear proper helmets and that failure to do so could result in a twenty-nine dollar fine. The same fine can also be issued to parents/guardians who permit children in their care to ride with out a proper helmet.

****It has come to the attention** of the McBride Detachment that some local businesses have recently received some telephone solicitations relating to business supplies. The company reports that they have massed ordered supplies before the costs rise and are willing to pass on the savings to their customers. Unfortunately the customer purchases the merchandise and when they receive the invoice and compare with existing prices they find out that they have been coned. Everyone is reminded to be extra vigilant when dealing with any telephone solicitation. Spend the extra time to determine if what is being offered is too good to be true. Often that is the case - it is too good to be true, and the customer falls victim to the telephone scam.
