Bike & Helmet safety awareness campaign kick off!

September is looming and back to school is just around the
corner. Kids are going to be hopping on their bikes and
headed to school. The I.C.B.C. Road Safety Program and
Advantage Insurance Services are sponsoring a "Get a
helmet and wear your helmet" campaign.
Answer the Helmet Safety Quiz and drop your answers off
at Advantage Insurance for a chance to win a bike helmet.

Helmet Safety Quiz

1. Bicycle helmets are 85% effective in preventing head or
brain injury.
2. Bicycles are associated with more childhood injuries
than any other consumer product (except cars.)
3. A helmet that is too small or too large is still as
effective as a properly fitting helmet.
4. It is estimated that 75 percent of fatal head injuries
among child bicyclists could be prevented with
a bicycle helmet.
