**COMMUNITY MURAL PROJECT**

We would like to invite you to make your mark on McBride!! McBride Secondary in cooperation with the Whistle Stop Gallery and the community of McBride through the generous support of the BC Gaming Commission, Arts NOW! Legacies 2010, the Village of McBride and the Elks are sponsoring a community wall mural project to be designed and executed by you - the future of this community.

The PLAN: A series of wall murals depicting different aspects of the rich history of McBride will be applied to various public and commercial buildings throughout McBride. Images will be historically accurate and realistically depicted. From photomontages to paintings, using a variety of media and including various sectors of our history, including but not limited to: logging, ranching and transportation by river, road and rail.

This project will start after spring break and there will be an opportunity to work on three different murals this year; one photomural and two painted murals, each depicting a mural will run concurrently and are scheduled to be completed by summer.

This is a once in a lifetime opportunity for participating students to be involved in the creation of a large scale commercial project. Bring your ideas and your enthusiasm - we will provide the materials and support, both educational and technical that you require. Led by professional artists you will learn through creating and have the opportunity to work with professionals within the community.

Because of the scale of the project and the variety of skills required, any student has the opportunity to be involved. From budding artists and computer techs to anyone who can swing a hammer, swipe a paint brush or climb a ladder. All ages and abilities are welcome to join in.

Get involved, be part of something special that will make a lasting impression on your home town. Be an inspiration to future generations and sign your name on history in the making.
