VETERAN NEWS

In order to better meet the needs of all clients, the Prince George Service Centre of Veterans Affairs Canada has implemented an appointment system. This means by October 15, 2007 clients will be required to schedule an appointment, if they wish to meet with a Prince George office employee to discuss their needs. This new way of doing business is in accordance with our Veterans Affairs National Service Standards and it is current practice in other offices across the country.

The Veterans Affairs Canada National toll free Client Contact Center (1-866-522-2122) will continue to be the first point of contact for all client inquiries. If the knowledgeable Client Contact Center staff are not able to provide an answer to the client, they will refer the inquiry to the most appropriate Veterans Affairs employee to ensure that the client's needs are met. In the event that a client is referred to an employee in the Prince George Service Centre, a mutually agreed upon appointment will be scheduled if deemed necessary by both the client and employee at the earliest opportunity.

All existing clients in your catchment area are being notified by letter in September of the change to an appointment system. However, no client will be turned away if they arrive at the Prince George Office without an appointment and are unaware of the appointment system. The client will be offered the option of either awaiting until a Veterans Affairs staff member is available or will be directed by a Service Canada employee to a telephone in the waiting area to call the Client Contact Centre to make an appointment. Should the client choose to wait, there may be a significant delay in meeting with the client if the Veterans Affairs staff member is seeing another Veteran or is involved with meetings. In the event the client is just visiting the office to drop off documents such as Veterans Independence Program receipts, Medical Travel claims etc., they may do so in the secured drop off box available in the Service Canada lobby.
