A Soldier at Heart - February 7, 1954 to October 28, 2008. Funeral Service November 8, 2008. 12:00 Viewing, 12:30 Service at the McBride Cemetery. *Reception Following the Graveside Service, friends are invited to meet for food and drinks.

THANK YOU

Toll Free: 1-888-563-7397 Email: ireneb@royallepage.ca www.mountainviewrealty.ca

enough words to express our gratitude for what the people Robson Valley have given us at the most difficult time of ou With our hearts breaking, you have reached out to our famil your generosity, love, compassion and most of all, support the anything we could ever imagine.

We are so proud and overwhelmed by the number of people the son Garrett touched in the very short time he was with us. His and fun loving humor will always be cherished and especial big boisterous hugs that he loved to give everyone.

We will be comforted knowing that Garrett's life was full of and kindness and that he loved the poor to the tree to the second.

Regarding the recent loss of MY DEAR MOTHER, Anne Pawloske. First J wish to Thank the Ambulance crews, Dr. Mike Jackson and Dr. Owega, and all the Nurses in McBride Hospital, and to those who attended to her in Prince George Hospital. All of you were so kind, excellent and professional. I would also like to thank RCMP CPL. Chad Zumac for his support and kindness to me by being with me, and thanks to Lorri. I would also like to Thank the staff at the Village Office. I cannot express myself enough to thank Ingrid and Paul Vaughan, and Tonia and Craig Arnold, and to my good Neighbours Betty and Leon Baer - I could not have done without all of you. More than Thank You many times over. I also thank my many friends who gave me strength and support, and for their kind words & farewell to mother, and for the cards and food, and to

those who visited mother in the hospital and for the get well cards to her. You were all so kind to me in my time of sorrow. Thanks to all who helped in any way.

This fall, we were talking about what it was to be kids in a small town, reminiscing about fun in the "good ol days" and it gave us an idea which grew into a great big Haunted House. We wanted our kids and friends to have some of those great memories so we made it happen. Thank you to the Elks and Royal Purple for the use of their "house" and handing out treats. Thank you to Tracy MacMaster, Mrs. Hewitt and Sheila from Stedmans for all the treats. A BIG thank you to the people and organizations who let us borrow the props for the night; Jill Howard at the Highschool (Science is fun!!), Karen Desormeau (monster cage), Doug Monroe (the go-to-man for guillotines), Linda Monroe (electrifying chair), Sandman (many, many sheets), Scotiabank (dividers), Fire Dept. (smoke-maker). Tania and Clara (cooking up treats for the witch's kitchen), and Deb Tania and Clara (cooking up treats for the witcus name Alexander (lighting effects). The Haunted House was a success to A LOT of hard work, preparation and great acting. Thank to Izzy, Meagan, Brandon, Mariah. Allana, Erich, Lauren, Drai Kylie, Marnie, Aaron, Spencer, Christine F., Hank, Matt Cassidy, Bonnie, Tia, Matt R, Mark, Jessica, Melissa, Kaleb, Lesse, and Annie. A special thanks for Barb Jackson for the special thanks for Barb Jackson for the special thanks.

First Night Gala - December 315

November 2008 Newsletter

The McBride & District Chamber of Commerce is focusing on community based economic development. Our goal is modest: urge consumers to shop locally because it benefits their

Of particular concern to our community is the amount of money spent in larger centers like Prince George, Kamloops and Hinton. The rise of discount mass-market merchandisers like Wal-Mart has siphoned shoppers away from mom-and-pop stores, forcing many to close and leading to the decay of our downtowns.

Just how much of that local money comes back for recirculation? None!

This is a critical juncture for our town. There is a danger of passing a point of no return and losing that part of the fabric of our life

Local retailers re-circulate their sales dollars within the local economy. Studies have found that for every \$100 the retailers brought in through sales, the local firms returned \$68 to the local economy through wages and benefits, purchase of goods and services like office supplies and accounting, profits to local owners, and charitable giving. Local firms hire local vendors and contractors for such things as repairs, advertising, computer work and public relations.

Local businesses can join forces to woo shoppers with public education campaigns appealing to their civic pride as well as their pocketbooks. Local businesses can be competitive; service oriented and continue to foster a sustainable local economy while preserving our unique regional character.

The idea is to get people to think more about where their dollar is being spent and what it means to the community. There is a strong undercurrent of people who want to maintain the unique character of their neighborhoods and towns. Having a flourishing small-business sector is key to that.

If you have ideas, suggestions, or want to be part of the shop local movement, please plan to attend the November 19th Chamber meeting, 7:00 pm in the E Free Church reception

Edmonton Snow Show

The Chamber of Commerce sent representatives and information to the Edmonton Snow Show again this year. All members were invited to send their brochures along and feedback from potential visitors has been positive.

Sledders tend to dominate the winter season, however we have also been promoting opportunities for back country skiing, snow shoeing and heli-skiing as well as our summer recreational opportunities.

Reminder: In September the Chamber sent out membership renewal forms and surveys along with a self addressed envelope. If you have not already done so, please send in your membership renewal to remain a member in good standing. Thank you to the members who have already renewed.

THANK YOU - Bob Balcaen, MSS PAC, the Candidates and all who attended the Federal All Candidates meeting.

Never doubt that a small group of thoughtful citizens can change the world. In deed, it is the only thing that ever has. Margaret Mead

ADOPT A HIGHWAY PROJECT

Following Irene Rejman's town beautification initiative established few years ago, this past year we have introduced the "Adopt Highway" project.

We like to thank Dr. Mosley and his family for taking an active role in the "adopt highway project" and his contribution to "clean & green" McBride. The family has adopted both pullouts at the entrance to the Village. From May till October they picked-up litter and cut grass on weekly basis. The garbage was then bagged and taken to the transfer station.

We also like to thank Irene and her family for their contribution to the "green & clean" McBride such as planting flowers at the Fire Hall square.

We encourage other local groups and businesses to participate in the project. With larger participation, we may be able to erect advertising signs such as: "This mile has been sponsored by....."

Interested? Please contact Margaret @ 250-569-7556.

.. from previous page

Our EDO has recommended and Council has supported the plan to build a strong McBride for future generations. This can only be accomplished by establishing a solid foundation on which a public-private partnerships can then be developed.

During the first twelve months we have successfully establish the McBride Community Foundation—a small step to a sustainable social infrastructure.

We have put forward proposals for improvements to the existing economic infrastructure on which we propose to promote commercial and residential land development and subsequent job creation.

SMALL BUSINESS SEMINAR

We were disappointed that the Small Business Seminar had to be cancelled, and we look forward to working with the community to facilitate an event that better meets their needs and interests.

Should you have any suggestions, please contact edo@mcbride.ca

GREEN INITIATIVE SAVES TAXPAYERS MONEY

Thanks to a local group, McBride has now completed the first "green energy" project.

A wind turbine donated by Barbara and Dr. Jackson has been installed at the airport and it is now supplementing power generation.

Plans are being made to further advance this project by installing a re-chargeable battery which will provide electricity in

case of the power outage. The turbine is capable of generating enough electricity to power the whole airport including the pilots lounge and build-up credits by turning the meter backwards.

In addition, as a result of subsequent improvements to the facility such as the pilot lounge and runway extension we now see an increase in the revenue generated by fuel sales.

Kudos to the Jacksons' family, Roy Howard, Kelly Mortensen and others involved for their efforts to put our airport "on the radar screen".

Issue 2 October 2008

Economic News- McBride

MARGARET GRAINE STI PFP ECONOMIC DEVELOPMENT OFFICE - MCBRIDE

WHAT NEXT?

Our Economic Development Action Plan for 2007/2008 has proven to be an invaluable tool. We have followed our promises to make improvements to our infrastructure so that we can start building our economy and creating well-paying jobs.

In 2008, we focused on the two main infrastructure components: extension of the power lines from Valemount to McBride and waste water capacity. In addition, we have begun making improvements to the streets of McBride.

The McBride Economic Development Office recognizes that the fastest way to successfully accomplish our goals is to seek public-private partnerships.

The Village Council and the McBride EDO, have created two partnerships: EcoPHASER—McBride Energy Corporation, and Northland Properties—Village of McBride. The goals of the first partnership are, to reduce power outages, extend 138 KV power lines from Valemount and establish "clean" technologies industrial park. The proposal is currently under consideration by BCTC and BC Hydro.

The second partnership: has been established to increase our waste water treatment capacity. For those who are not familiar with the issue: our lagoon has been operating at its capacity for many years.

To address the issue of waste water capacity

we came up with an innovative and integrated long-term approach to the resource management planning and sustainability. To demonstrate efficient use of the resources we are proposing a complex partnership including: Federal & Provincial Government, RDFFG, NDIT, FCC, Towns for Tomorrow, Northland Properties, McBride Community Forest Corporation, Village of McBride and HELP International.

Extensive business proposals for the threephase project have been submitted to our partners this September.

So, what's next?

We have updated our Action Plan to reflect what was done and what needs to be focused on in light of the global economic changes. Some issues remain the same, such as the need for senior housing.

With the support of the Council, we will concentrate our efforts on asset building, senior housing, town improvements and small business development including the development of a local industrial park. We propose to produce clean, low-cost energy to support new ventures in the agriculture such as greenhouses

We propose that McBride serves as an example of a small, innovative community that focuses on both: preservation of our pristine environment and quality job creation. We have already entered into discussions with many light manufacturing, high-tech, bio-mass companies that are willing to support our forest industry.

Seniors care according to our survey, is a #2 issue of importance. We are unable to pursue this opportunity due to the limitations of the existing infrastructure.

continues on the next page...
