**BOYS WILL BE BOYS**

interesting things when you have sons...

- 1.) A king size watchband holds enough water to fill a 2000 sq. ft. house 4 inches deep.
- 2.) If you spray hair spray on dust bunnies and run over them with roller blades, they can ignite.
- 3.) A 3-year old Boy's voice is louder than 200 adults in a crowded restaurant.
- 4.) If you hook a dog leash over a ceiling fan, the motor is not strong enough to rotate a 42 pound Boy wearing Batman underwear and a Superman cape. It is strong enough, however, if tied to a paint can, to spread paint on all four walls of a 20x20 ft. room.
- 5.) You should not throw baseballs up when the ceiling fan is on. When using a ceiling fan as a bat, you have to throw the ball up a few times before you get a hit. A ceiling fan can hit a baseball a long way.
- 6.) The glass in windows (even double-pane) doesn't stop a baseball hit by a ceiling fan.
- 7.) When you hear the toilet flush and the words 'uh oh', it's already too late.
- 8.) Brake fluid mixed with Clorox makes smoke, and lots of it.
- 9.) A six-year old Boy can start a fire with a flint rock even though a 36-year old Man says they can only do it in the movies.
- 10.) Certain Lego's will pass through the digestive tract of a 4-year old Boy.
- 11.) Play dough and microwave should not be used in the same sentence.
- 12.) Super glue is forever.
- 13.) No matter how much Jell-O you put in a swimming pool you still can't walk on water.
- 14.) Pool filters do not like Jell-O.
- 15.) VCR's do not eject PB & J sandwiches even though TV commercials show they do.
- 16.) Garbage bags do not make good parachutes.
- 17.) Marbles in gas tanks make lots of noise when driving.
- 18.) You probably DO NOT want to know what that odor is.
- 19.) Always look in the oven before you turn it on; plastic toys do not like ovens.
- 20.) The fire department in Austin, TX has a 5-minute response time.
- 21.) The spin cycle on the washing machine does not make earthworms dizzy.
- 22.) It will, however, make cats dizzy.
- 23.) Cats throw up twice their body weight when dizzy.
