## To: Whore it may converge.

My name is Jordan Neal of McBride BC. In August 2009 I, and others were involved in an unfortunate decision which resulted in a break & enter and mischief in a local residents home. I am sincerely sorry for my involvement in this whole incident. I truly wish I had never made that choice. My regret is not just because I was caught but also I recognize how our actions affected the homeowner. I wish it had never happened and that I could help fix things emotionally and physically. I made poor decisions following some emotional upset combined with alcohol use. Again, I truly am sorry and feel I can guarantee that I will never make a choice like that again.

- Jordan Neal

## HOME ADVICE

Clumsy? Avoid cutting yourself while slicing vegetables by getting someone else to hold them while you chop away.  
Avoid arguing with the missus about lifting the toilet seat by simply using the sink. (They should take into account that we never complain about them leaving the seat down!)

A mouse trap placed on top of your alarm clock will prevent you from rolling over and going back to sleep when you hit the snooze button.

If you have a bad cough take a large dose of laxatives, then you will be afraid to cough!

THINK ABOUT IT...

A man dressed in Harley Davidson leathers is visiting the zoo in Toronto, Ontario when he sees a little girl leaning into the bars of the lion's cage. Suddenly, the lion grabs her by the cuff of her jacket and tries to pull her inside to slaughter her, under the eyes of her screaming parents. The biker without hesitation runs to the cage and hits the lion square on the nose with a powerful punch. Whimpering from the pain the lion jumps back letting go of the girl, and the biker brings her to her terrified parents, who thank him endlessly. A Canadian press reporter has watched the whole event. The reporter addressing the biker says, 'Sir, this was the most gallant and brave thing I've seen a man do in my whole life.' The biker replies, 'Why, it was nothing, really, the lion was behind bars. I just saw this little kid in danger and acted as I felt right.' The reporter says, 'Well, I'll make sure this won't go unnoticed. I'm a journalist, you know, and tomorrow's paper will have this story on the front page... So, what do you do for a living and what political affiliation do you have?' The biker replies, 'I'm a police officer in town for the G20 and a Conservative.' The journalist leaves. The following morning the biker buys the paper to see if it indeed brings news of his actions, and reads, on the front page: "CANADIAN COP ASSAULTS AFRICAN IMMIGRANT AND STEALS HIS LUNCH" That pretty much sums up the media's approach to the news these days.
