MOVIE NITE

McBride Secondary will be hosting MOVIE NITE on Friday, November 19th at the Roundhouse Theatre. Tickets are \$5.00 at Stedman's, McBride Trading Company, or at McBride Secondary and \$6.00 at the door. As usual, a concession will be available. The 4:00 movie, SORCERER'S APPRENTICE, is an action packed, suspenseful, and funny movie produced by Walt Disney Pictures. Balthazar Blake (Nicolas Cage) is a master sorcerer in modern-day Manhattan trying to defend the city from his arch-nemesis, Maxim Horvath (Alfred Molina). Balthazar can't do it alone, so he recruits Dave Stutter (Jay Baruchel), a seemingly average guy who demonstrates hidden potential, as his reluctant protégé. The sorcerer gives his unwilling accomplice a crash course in the art and science of magic, and together, these unlikely partners work to stop the forces of darkness. I'll take all the courage Dave can muster to survive his training, save the city and get the girl as he becomes The Sorcerer's Apprentice. This movie runs 109 minutes and is rated PG.

The 7:00 movie, INCEPTION, is an exciting science fiction thriller starring Leonardo DiCaprio, Joseph Gordon-Levitt, and Ellen Page. Visionary filmmaker Christopher Nolan (Memento, The Dark Knight) writes and directs this psychological sci-fi action film about a thief who possesses the power to enter into the dreams of others. Dom Cobb (Leonardo DiCaprio) doesn't steal things, he steals ideas. By projecting himself deep into the subconscious of his targets, he can glean information that even the best computer hackers can't get to. In the world of corporate espionage, Cobb is the ultimate weapon. But even weapons have their weakness, and when Cobb loses everything, he's forced to embark on one final mission in a desperate quest for redemption. This time, Cobb won't be harvesting an idea, but sowing one. Should he and his team of specialists succeed, they will have discovered a new frontier in the art of psychic espionage. They've planned everything to perfection, and they have all the tools to get the job done. Their mission is complicated, however, by the sudden appearance of a malevolent foe that seems to know exactly what they're up to, and precisely how to stop them. Inception is rated PG-13 and is 2 hours 24 minutes long.
