

The CBC will be dis-continuing their television broadcasts to this area effective July 31, 2012.

The Robson Valley Entertainment Association has contracted with the CBC to obtain their equipment and will re-broadcast CBC along with our other channels. However, there will be *about a months lapse* in service while the transfer takes place. Also, be aware that the RVER doesn't have the authority or ability to transmit with as much power as the CBC did, so some residents may not receive as clear a signal as they previously did, and some may not receive it at all.

Thank you so much for your patience while we transfer this equipment and get the signal up and running again.
