Promote Your Business at NO COST!

Drive revenue by registering your company in an online procurement database that allows major industry, communities and government to quickly locate area businesses to help them build major projects planned for our region. **To find out more, or to register visit:**

<http://supplychainconnector.ca>

The Supply Chain Connector arrives amid a waive of more than \$70 billion in major projects proposed across Northern B.C.

In the past, major project proponents have awarded projects to companies based outside of the region because they've struggled to locate Northern B.C. - based businesses to carry out the work.

The Supply Chain Connector is a no-cost procurement database that allows industry to find industrial business partners in the North and those business partners to advertise their expertise at no cost.

There are over 35 different categories from: Agriculture to Forestry, Trucking, Engineering, Construction, Wood Products and more...
