COMMUNITY ANNOUNCEMENTS

90# on your telephone. My sister dialed 0' and asked the
operator to confirm if this was correct, so please pass it on. She
received a telephone call the other evening from an individual
identifying himself as a Telephone Serviceman, who was conducting
a test on the telephone-lines. He stated that to complete the test she
should touch nine (9) and then zero (0), followed by the pound
sign (#), and then to hang up. Luckily, she was suspicious, and
refused. Upon contacting the telephone company, she was informed
that by pushing 90#, you are giving the requesting individual full
access to your telephone line, which enables them to place long
distance calls billed to your home phone number. She was further
informed that this scam has been circulating in B.C., Alta., Ont.
and NB. from local jails and prisons. DO NOT press 90# for
ANYONE! After checking with Telus, they said it was true, so
do not dial 90# for anyone!
