The hugs, kind words, flowers, food, phone calls, prayers and the 'small community' support will be in our hearts forever. God bless each one of you. We would like to thank the community of McBride for their prayers, compassion, condolences, cards and food that was brought over to the home following the sudden passing of daughter, mother, grandmother and great grandmother, Marilyn Hewitt, on July 15, 2014. A LITTLE THINKER...

When NASA first started sending up astronauts, they quickly
discovered that ballpoint pens would not work in zero gravity. To
combat the problem, NASA scientists spent a decade and \$12 billion
to develop a pen that writes in zero gravity, upside down, underwater,
on almost any surface including glass and at temperatures ranging
from below 0 to 300 C. The Russians used a pencil!
