## Message to McBride:

Yeah or Nay on the "Robson Valley Exploration and Learning Centre"? When I received the information pamphlets recently from the Regional District of Fraser-Fort George it triggered old memories from the summer & winter of '80-81. Jean & I were employed by the BC government to provide dental services to small towns around the province that were designated as 'underserved', vis-à-vis dentists. We had the pleasure of serving twice, once over the summer, then later that winter in The Village of McBride. Our initial set-up was in what is currently known as the annex, adjacent to the library, but was then the health unit. The BC government provided the equipment while we supplied the services. I recall with great horror then how our suction unit, which was water cooled, leaked, no amend that, poured water onto the floor of the rear-most section of the health unit. We tried to stop the copious quantities of water, but nothing seemed to work. It just couldn't be fixed properly! I kept thinking, 'imagine the rot that's going to result from this!' Fast forward to today and I think we can all understand that these buildings are barely adequate for their purposes, and the likelihood of repair would seem like spending good money after bad. So what to do? The Robson Valley has been in an economic slump for many years, despite the work of many of its dedicated residents to turn it around, and Alberta's oil and gas industries no longer offer the once abundant job opportunities. Times are tough, jobs are scarce, and optimism is waning. The easiest thing would be to say the hell with it. We've got a library, we've got a museum. Let it ride. Keep the status quo. We don't need any further taxation now! But I am writing this piece for a different reason. I believe in McBride. I believe in the Robson Valley. Ok, I hear it now-the bugged off. True, but I still believe. McBride deep down has always had what I refer to as resiliency-it takes a lickin' but stands up again and sees a better way. Look at the wonderful schools, the fabulous arena and community hall. The nucleus of a better tomorrow is in place. There is a beautiful building sitting on Main St., just waiting for the library and museum to move in. Once this is developed it will act as a spark and draw more people once again to a Great Little Village in the Mountains. Good luck everyone! You are never far from our hearts!

-Mike Moseley, Summerside, PEI.

## LIBRARY NEWS

Pro-D Day Fun Zone: Friday, April 22nd, 1-3pm at 521 Main Street. Join us for games and crafts!

Teen Look-In: Movie Night "Star Wars: The Force Awakens" Friday, April 22nd, 9pm at 521 Main Street. Ages 13+.

Movie Night: "Hadwin's Judgement". Friday, April 29th, 7pm at 521 Main Street. "Hadwin's Judgement" chronicles the tormented transformation of Grant Hadwin from expert logger to environmental terrorist. The story of "The Golden Spruce" with a local connection, this award-winning film interweaves speculation, myth and reality to explore Hadwin's motives in his outrageous act of protest.

## BETTER TO THE EDITOR

Everyone knows the challenge we all face to find clean, safe fun for our children and for ourselves. Having people involved in community activities that foster unity and feed healthy appetites will make our town stronger, and it will create an atmosphere that will draw productive, positive people. This is only one of the many benefits the new library and museum complex will provide for McBride. Some people choose to spend thousands of dollars per year to support unhealthy habits. More thousands are spent on recreational activities, many of which can leave a person with injuries that affect them for life. We can choose to spend maybe \$75 per year on something that will not make us sick or hurt us. As a contractor who has worked on the existing library and museum building, it is

Come and enjoy our final show of the 2016 Season with the fantastic and fun stage show that will have you on your feet for the entire night!  
The McBride Roundhouse Theatre Society thanks everyone for their support through this season.

## LIBRARY QUESTION

Question of the Week: How Much Will My Taxes Increase if the Purchase of 521 Main Street goes ahead? There seems to be some misinformation about tax impacts of the proposed Robson Valley Exploration and Learning Service. As described in the Regional District of Fraser Fort George bulletin of March 24, 2016, the residential tax levy would be \$27.47 based on a \$100,000 assessment. To calculate your tax impact, divide the assessed value of your residential property by 100,000 and multiply the result by \$27.47. For example, if your assessed value is \$140,000, then 140,000 divided by 100,000 = 1.4 x \$27.47 = \$38.45 (total annual tax impact) or \$3.20/month. If your assessed residential value is \$200,000, then it would mean an increase of \$54.94/year or \$4.58/month. The business levy would be \$67.30 per \$100,000 assessed value. If your business is assessed at \$140,000 then it would mean an increase of \$94.22/year or \$7.85/month. If your assessed business value is \$200,000, then it would mean an increase of \$134.60/year or \$11.22/month. If you have questions about the proposal, please call the library at 250-569-2411. We want to hear from you!

my opinion that it is not feasible to repair it. It would cost more to tear it down and build again from scratch than to purchase the new building and, even if we did, it would still not be big enough or accessible enough. Our community needs the larger facility that can be the welcoming face of the town. We all know what is good for us. Even if it is not our idea of fun, think of our children and the direction we want them to go. Vote for a strong community.  
-By Jonathan and Suzanne Mazereeuw, in support of the new Library and Museum Complex at 521 Main.
