# THANK YOU

I would like to give a really big thank you to the good samaritans that heard me call for help as they were driving by, while my leg was pinned under a heavy car trailer hitch, and stopped to pull me out. I'm sorry I never introduced myself or got your names. Thank you from Wayne's world. God bless our community of McBride. Thank you again - safety first, we should think before we do things, especially when you're by yourself.

# 20 YEARS AND COUNTING

Well McBride, this week marks the anniversary that we have been printing The Little McBride Paper for 20 years (1st issue was July 17, 1996). We hope you have enjoyed the paper as much as we enjoy putting it out. We thought we would share are a couple of headlines from the first issue we published on our own.  
**RCMP TO GET NEW BUILDING** - The federal Government is building a new house for 1 officer and a new station in McBride. The house is already under construction on Dominion Crescent, and the new station will be started in August. They do not have a contractor as of yet, so anyone who wishes to bid on the contract can get the information from the Village Office here in McBride. Bids must be in by July 26, 1996. The contractors will be dealing through Vancouver (Construction plans will also come from Vancouver). Their new station will be 2/3 bigger than the current station plus a basement for storage. The Federal Government is spending lots of money in McBride this year said Corporal DE BOERSAP. Around 1958 they built the current station with only one cell, attached living quarters for a corporal and his family plus an attached single mans quarters for new recruits who were not allowed to marry for several years. This new building will have 3 cells as well as a proper interview room and facilities to hold meetings. It will be built on North Frontage Road between the Husky gas station and the Esso gas station where the RCMP own an acre of land. The pavement should be down in two months and they hope to be in the new building by January 1997. Every one is looking forward to the Move. RCMP are not anticipating the need for a larger staff but the new facility will accommodate double the staff. It is only 1 step smaller than the office in Valemount. The old station will be offered to another Federal Agency first for 1 dollar or offered at a fair market value to the Provincial or Municipal Government. If no Government is interested it will be advertised for sale to the general public. There has already been inquiries by the public for the building.  
**RENOVATIONS** - McBride Clothing Store has been renovating the outside of their building for the past 2 weekends for total of about 5 days. Both Family & friends of Judy & Brian Shawara (Owners) have been helping with the beautification project. New colors for the store front are medium grey with brick red trim. Looks Pretty Sharp!! "Broom" is impressed!! It's projects like this that keep McBride looking so good for our residents and visitors!! Way to Go!!
