ICBC is in the middle of a huge and total system change. This is going to affect you all by adding some time to each transaction that we do - it may not be as quick as we have always tried to be. Also, we will be asking for more information than usual - like your birthdate. And, finally, we will be asking you for your signature on a form that allows us to gather your "private information" - the birthdate. The new system will probably be wonderful, once we are all used to it - but change is never easy! Thank you so much, in advance, for your patience and your Business. -Rosemary
