A FEW MORE LITTLE THINKERS...

Reaching the end of a job interview, the Human Resources Officer asks a young engineer fresh out of MIT, "And what starting salary are you looking for?" The engineer replies, "In the region of \$125,000 a year, depending on the benefits package." The interviewer inquires, "Well, what would you say to a package of five weeks vacation, 14 paid holidays, full medical and dental, company matching retirement fund to 50% of salary, and a company car leased every two years. Say, a red Corvette?" The engineer sits up straight and says, "Wow! Are you kidding?" The interviewer replies, "Yeah, but you started it."

A boy asks his father, "Dad, are bugs good to eat?" "That's disgusting." Don't talk about things like that over dinner," the dad replies. After dinner the father asks, "Now, son, what did you want to ask me?" "Oh, nothing," the boy says. "There was a bug in your soup, but now it's gone."

A woman was taking an afternoon nap. When she woke up, she told her husband, "I just dreamed that you gave me a diamond necklace. What do you think it means?" "You'll know tonight," he said. That evening, the man came home with a small package and gave it to his wife. Delighted, she opened it to find a book entitled "The Meaning of Dreams."
