INFORMATION SHARING SESSION - Caribou Conservation Planning. Wednesday, March 13, 2019 @ 7pm. Robson Valley Community Hall. The information session will provide concerned citizens, businesses and community groups an opportunity to share with McBride Mayor and Council how expanded carbon closure and resulting restricted access to the backcountry could impact their organizations, businesses and quality of life in the Robson Valley. Mayor and Council will provide information on a recent session attended in Prince George, hosted by MP Bob Zimmer, and will have a Petition on hand for attendees to sign as well as copies of form letters that attendees can personalize and mail to their MLA and MP. Mayor and Council will take information gathered at this information session to Federal and Provincial government officials responsible for the carbon conservation planning to ensure McBride's concerns are communicated.

**Sho-Tai is Returning in March**

Elijah Robinson, Class 3 Sho-Tai Practitioner, will be returning to McBride & Valemount in March. He will be in McBride, Wednesday, March 27 & in Valemount, Thursday, March 28. Sho-Tai utilizes examination of color changes & markings on the eyes, tongue & teeth to determine health changes in the body. Muscle testing (Kinesiology) is utilized to determine the weakest & most damaged organs & glands which are causing health issues. Kinesiology is also applied to determine which foods are negatively impacting the body & which herbs will aid the body in healing. We are all unique, like a snowflake, so a food that may be healthy for one person, may actually be detrimental to another, because of our genetic make-up & other causal factors throughout our lifetime. The system follows the principles of Cleanse, Repair & Maintain to achieve optimum health. If you are a client of Sho-Tai or would like to be, please contact Kelly or leave a message at 250-968-4400. Kelly also maintains a local supply of Sho-Tai herbs for clients.
