CELEBRATION OF LIFE

Leonard Louis Downing

August 21, 1935 - September 14, 2019
Saturday, September 28,
at the Elks Hall, 2:00pm.
Luncheon to follow.
THANK YOU

Thank you to all that called, sent cards, gifts and helped me celebrate my Birthday. Much appreciated. -Fio Myrno

Thank You - I would like to thank the walkers and cyclists that participated in the Terry Fox walk this year. We were small in numbers but we got it done. I was able to send \$2490.00 to the foundation this year! A special "Thank You" to the Gigglin' Grizzly Pub for the soup and pizza provided after the walk. It was very much appreciated! Thanks too to Mike Moseley for the water break at the 1/2 way mark. Just a reminder that next year, 2020 marks the 40th Anniversary of the Terry Fox Run. Save the date, that many years deserves a special celebration. -Event Co-ordinator, Eleanor. We are from Kansas, US, so are a long way from home. We were staying at the Tete Jaune Lodge and RV Resort when my friends husband got ill. He ended up being taken by ambulance to Prince George hospital. We three ladies were traveling up 16 towing our RV when it had a severe blowout near the turn off to Dunster. We pulled off the side of the road but were facing so many challenges with our jack and tire etc. a very nice local man stopped, driving a Jeep Wrangler. He helped us a lot! Changed our flat and tried to straighten our bent axle. Advised us to stop in McBride and to drive slowly on to Our destination until we could get our vehicle repaired. We did not get his name but would love to be able to extend him our thanks again. A Good Samaritan like him gives your country a great name and leaves a wonderful impression on travelers!

Thank you, Kay Eggers and the Trevena family. On behalf of the Museum and the Library, HUGE, huge thanks to everyone who came out on a beautiful sunny Saturday to make pies with us. What a fantastic bunch!! Thank you, too, to all those who helped prepare earlier in the week, to the E-Free Church for lending us your perfect space, to the Roths for lending us freezer space, to McBride AG Foods and Tyler Hagen for our supplies, and to everyone who purchased a pie ... we hope you enjoy it!

The sale of properties will be conducted in accordance with the following terms and conditions:

The announced upset price is the minimum price acceptable and will be the starting point of the bidding on each property. The highest bid above the upset price will be accepted.

The final determination as to the successful bidder will be made by the Collector who will keep a sales record which shall be conclusive in all respects as to each sale.

Any person upon being declared the successful bidder must provide their name and address and immediately pay by cash or certified cheque the amount of the successful bid amount. Failure to pay this amount will result in the property being offered for sale again.

The Village of McBride makes no representation express or implied as to the condition or quality of the properties being offered for sale. Prospective purchasers are urged to make all necessary inquiries to applicable government departments and in the case of strata lots to the strata corporation, to determine the existence of any bylaws, restrictions, charges or other conditions which may affect the value or suitability of the properties.

The current registered owner(s) may redeem the property within one year and still have the right of possession during the one-year redemption period. During the one-year period allowed for redemption, the property must continue to be assessed and taxed in the current registered owner's name.

If the property is redeemed, the tax sale purchaser is entitled to all amounts paid plus interest as set by the Province of British Columbia. Refund interest is calculated on the purchase price of the property, not the upset price.

If the property is not redeemed after one year, the property will be transferred to the tax sale purchaser free and clear of all mortgages, charges, liens, etc., except those imposed by a senior government (Province of British Columbia, Government of Canada).

The purchase of a tax sale property that is not redeemed is subject to tax under the Property Transfer Act on the fair market value of the property at the end of the one-year redemption period.

Sho-Tai

Sho-Tai Returns to McBride In October with Class 1 Practitioner, Evan Dougherty. Evan Dougherty has qualified at the highest level in Sho-Tai, as a Class 1 Practitioner. He will be making his return trip to see clients in McBride & area on October 21st. There has been some expression of interest to have Evan begin trips to Prince George, so if you know anyone there who would like to see him, please contact him or Kelly. Sho-Tai is a healing art developed by Terry Bell, following a healing path with his own health issues, as a young man, which included multiple heart attacks. Sho-Tai is a natural, safe blending of non-invasive techniques used to assess the structural & nutritional status of the body. A deficiency or excess in any of these areas could contribute to a variety of acute or chronic health issues. An advanced form of Applied Kinesiology (muscle testing), along with Iridology (the scientific study of the eye), & Body Reading (patterns, markings & color changes on the tongue, teeth & face) are utilized like a road map, to analyze conditions in the body, physically, mentally & emotionally, along with the strength or weakness of the various organs & glands that run the body. All of this gives a detailed picture of the body's integrity, analyzing areas of congestion or toxic accumulations, identifying the body's challenges & health potentials. Through Applied Kinesiology, the body is assessed for which foods are causing an excess or disturbance. We are each unique, like a snowflake, therefore, what is one person's medicine can be for another person a cause of the body to do more work to cleanse it out or create congestion. Also, through the use of Applied Kinesiology, Sho-Tai is able to specifically identify the body's unique requirements for the herbs needed to achieve healthful results, thereby limiting the number of herbs required. Food grade herbal products, developed by Terry Bell, along with other high quality nutritional supplements he has tested, are made available. There are multiple reasons that the human body gets sick. The two main causes of illness are an Excess or a Deficiency of a specific food. Recommendations are given to avoid foods that are testing as negatively impacting the body. It is recommended to follow these changes for 3 months, following the body's natural cycle of: Cleanse, Repair & Maintain. Toxic accumulations & illness are created by a lifetime of unhealthy habits, therefore cleansing & healing can take some time, but lead to a more joyful & healthy life. As Terry says, 'Your Health is Your Wealth'. For Information: Evan Dougherty, 204-291-0582, healthjourney@outlook.com, www.sho-tai.ca, evandougherty.com. LIBRARY NEWS

McBride & District Public Library Fall Update. We are pleased to confirm that the previous library building on Dominion Street sold earlier this year. The Library's Board of Directors have put the proceeds from the sale into a reserve account. Our goal is to pay down as much of the debt as possible for the Robson Valley Exploration and Learning Centre (521 Main Street). Due to the borrowing terms of the Municipal Finance Authority, however, no monies can be applied until the ten year mark. This will come in 2028. As we settle into our new space, staff and board members have developed a new strategic plan. Our goals and strategies are based on community input over the last few years. We appreciate your comments and suggestions, and welcome them at any time. You can check out our plan at <https://mcbride.bc.libraries.coop/explore/about-us/library-information/strategic-plan/>. If you have any questions about the Library, or would like to contribute to our debt repayment reserve, please contact us at 250-569-2411 or library@mcbridebc.org.
