IN LOVING MEMORY

DANIEL EDWARD PECK

It is with the heaviest of hearts that we have to say good bye to a loving husband, son, brother, fur-baby daddy, bonus dad, uncle, grandpa and friend. Dan left us suddenly and unexpectedly on Dec.13 2025. Dan was born November 13th 1981 in Revelstoke B.C. where he grew up on bush roads and bike jumps with Tonka trucks and Hot Wheels. Forever Dreaming of race cars and fighter planes. He was a "class clown" and a "crowd pleaser." He had logger sport wins and liked cold water swims, he was a logger, big rig hauler and derby car smasher. Fearless in his pursuit of love and glory. One would say his heart was to big for this world and his family and friends would have to agree. If only he knew how much we are going to miss him. Dan was a logger at heart and loved his time in the mountains or as he called it "his office". He logged all over B.C. but mostly in Revelstoke where he made life long friends who became like family. Logging is what eventually brought him to McBride B.C. and to his wife and love of his life Laura-Lea aka "Honey Bear." Dan often joked that what better place to find a bride then in McBride. They were married July 2nd 2016 and together they built a beautiful life full of love, laughter and many adventures. Eventually they bought their dream home and settled in to their happily ever after. Dan spent the last years of his life doing the thing he loved the most, racing cars, snowmobiling, camping and watching NASCAR on Sundays and war docs. Most of all he spent his time just enjoying quiet moments, loving his wife and fur babies, spending time with good friends, reconnecting with family and working at BKB Cedar where he felt like family. He truly loved you all near and far. This fun loving, unapologetically himself man was loved beyond words by many. He will always be remembered for his booming voice, infectious laugh, and the undeniable enthusiasm he had for life. If you knew him you either loved him or hated him but eventually he would win you over, he had that shock and aww factor and would crack the most inappropriate jokes at the most inappropriate times. But also was a big giant teddy bear and was not afraid to tell people how it is or how much he loved them. He worked hard and played harder, but always made time for family and friends, and was there when you needed him. He was looking forward to the birth of his grand baby and always held a special place in his heart for his bonus kids he spent time with through out his short life. There are no words to describe how incredibly heart broken we all are and how much we are going to miss you in our lives. However we will carry that fun-loving spirit with us for the rest of our lives. Thank-you Dan for choosing us to spend your life with. We will love you forever, more than words. "See you in pit left my love, until then we will be waving from turn 4". Love you my Honey Bear, our #1 Bad Influence, The Legend, The Man...Dan Peck. Dan is survived by his loving wife Laura-Lea and fur-babies (Smokey-Bear, Mia and Tuna). Omi Chris, Mom and Dad Jutta and Robert, Sister Krystel, Brother James (Flora), Bonus Son David (Jen), Granddaughter M., Ma and Pa Marsha and Guy, Niece Hazel, Nephew Angus and his extended family and close friends. PLEASE JOIN US IN A CELEBRATION OF DAN'S LIFE JULY 4th 12 noon-4:30pm, 1248 3rd Ave. McBride B.C. (Dan and Laura's house). BRING A LAWN CHAIR AND GOOD DAN STORY TO HELP US REMEMBER THE AMAZING SOUL HE WAS!

Tips to FireSmart Your Home

Taking action to FireSmart your property will dramatically decrease the risk of wildfire damaging your home. The best part is, it's surprisingly easy to do.

Clean under your stairs to remove any combustible material. Establish a 1.5 metre non-combustible zone around the perimeter of the house and deck.

Clean and maintain gutters and roofs. Keep decks and balconies clear of leaves and debris.

Keep grass and weeds cut below 10 centimetres and remove flammable vegetation.

Have a [wildfire evacuation plan](#) and make sure everyone in your household knows what to do.

Download the [FireSmart home assessment](#) and do a self-assessment of your home and property.

Hold sheds and other structures (such as watersheds) to the same standard as your home.

Add non-combustible 3 millimetre screens to external vents (except dryer vents).

Woodpiles and other combustible materials (eg. stored vehicles) more than 10-30 metres from home.

Prune trees to create a two-meter clearance from the ground to the lowest branches.

Any combustible fuel source (propane, oil, gas) should be stored on a non-combustible surface.
