CORPORATE EXPERIENCE

WHAT I BRING TO THE TABLE

FOR THE PEOPLE OF MCBRIDE:

- Experience as Mayor and businessman which enables me to leverage well established relationships at senior levels of government and industry to effectively advocate for the people of McBride and area.
- Approximately \$8.5 million obtained in grants since 2022, with ~85% being infrastructure related. The Village has been very successful with the ability to break down components of a grant into several smaller bid contracts aimed at the strengths of our local contractors to enable the grant money to stay and circulate within the community.
- For the Village, Council was able to hire an experienced Chief Administrative Officer with corporate experience. This has stopped the revolving door of CAO's coming and going. She in turn has hired an experienced and dedicated Maintenance Supervisor and an Accountant.
- The 3 positions mentioned, together with the Economic Development Officer, are the Management team which work to apply for grants. The result is the issuance of contracts that minimize contingency costs. Mayor and Council have varied backgrounds, which strengthens and compliments the approval review.
- Every facet of the Village is running with this approach. The buy-in from employees can be seen through significant improvements in the Village's appearance.

WHY I WANT TO BE RE-ELECTED

We, Mayor, Council and Management Team are just getting started. We started with the Airport Plan (Grant) followed by state of the art fueling facilities (Grant), followed by airport lights (Grant with installation now taking place), followed with other non-grant expenditures. The result has been an airport that has changed from a small loss annually to a profit center with significant revenue for the Village.

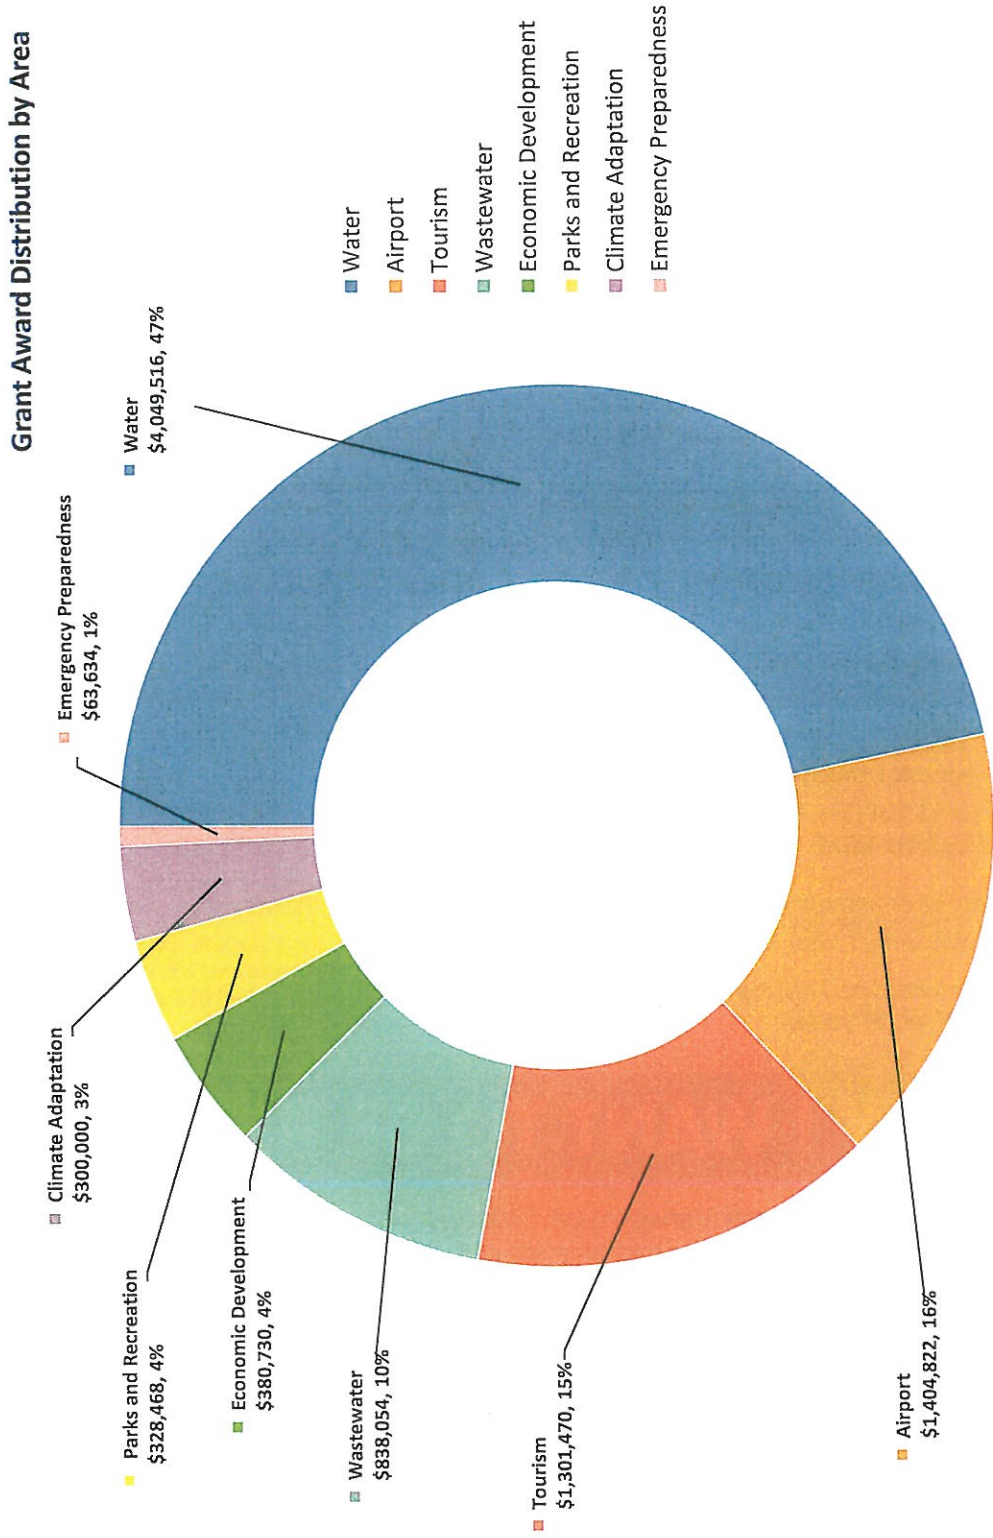

Several planning ideas are in the works with potential impacts effects for housing and growth potential for the Village and the surrounding area. These will be described in more detail during the election.

EXPERIENCE • LEADERSHIP • A STRONGER MCBRIDE
